Jr FFA Members

Jr FFA Members

Eligibility:

Grades 3 - 6

At least 1 parent joins Ag Backers attend and/or participate in at least 3 activities (meetings, hamburgers, events).

Ethics Policy

2023-2024 TEXAS 4-H/FFA LIVESTOCK PROGRAM ETHICS POLICY

(Updated April 2023)

This ethics policy applies to any 4-H/FFA member planning to exhibit animals at livestock shows in Texas. All classes of livestock offered at the livestock event are included: Cattle, Goats, Sheep, Swine, and any other livestock classes offered. This “Texas 4-H/FFA Livestock Program Ethics Policy” will be enhanced with additional rules and guidelines which individual fairs and livestock shows adhere to on the local, county, regional, and state levels. The provisions contained in this policy do not constitute a contract, express or implied, between Texas A&M AgriLife Extension Service, Texas 4-H, Inc., or Texas FFA and any applicant, participant, or parent. Additionally, the terms and conditions contained herein do not create or expand legal rights already existing under the law.

4-H and FFA livestock project exhibitors are under the supervision of an Agricultural Science Teacher or County Extension Agent who serves as the advisor for that project. The Major Livestock Shows of Texas support the educational content and leadership provided by the Texas A&M AgriLife Extension Service, and the Texas Education Agency/ATAT. Also, the Texas Major Livestock Shows fully support the administrative authority of Agricultural Science Teachers and County Extension Agents to certify the fulfillment of all validation protocols and appropriate paperwork between the exhibitor, Texas 4-H/Texas FFA, the major livestock shows and the supervising educator. Exhibiting livestock is a privilege, and exhibitors must comply with this document and respect the authority granted to his/her supervisor.

The following practices or procedures are unacceptable and are defined as being deceptive, fraudulent, unethical, and inhumane in the care, fitting, preparation and showing of all classes of livestock. The use of any illegal drug is prohibited. Any practice used to alter the appearance of an animal entered in livestock events is prohibited (See Rule #9 & #10). Proof of any animal being subjected to illegal and/or unethical practice(s) and/or procedure(s) described herein subjects the animal to immediate disqualification from the state validation program. If a violation is found of any of the following rules, this may result in a cancelled validation record or future validation records.
